SUMAN LAMA

Web Designer, Graphic Designer and Artist

www.sumanjlama.com
sumanjlama@gmail.com

I am currently searching for an opportunity to work within a creative design-oriented team. I am highly IT proficient and can code in HTML, CSS, and fundamental JavaScript. In addition, I have strong experience in producing contents with Adobe Photoshop, Illustrator and XD.

Skilled in graphic design, web design and basic front-end development I am an inquisitive and a motivated person, who is keen to learn and explore solutions to always achieve the best result.

I also have a keen interest on music, photography, and sports.

Work Experience

Digital and Graphics Designer
JHR Nature Cure
July 2019 – Present

I am the sole designer for this supplement production team. My accomplishments for the team include:

- Designing:
    - Company Logo
    - Products' branding and Logos
    - Marketing Campaigns
    - E-commerce website

- Taking photos and updating their websites with new contents (Applicable at present).
- Contributing to laying out strategies for public related communications directly to the manager.

Sales
Firewood and Solid Fuel Center
September 2016 – Present

I work with a small team supervised by a manager to run this heating supply business. My contributions to the team include:

- Attending to our customers enquiries and successfully ensuring that they benefit from our services to satisfaction.
- Dealing with administrative tasks such as replying emails and making phone calls.
- Coordinating and allotting delivery schedules by consulting with the clients.
- Supervising and training part-time and new staffs on weekends.
